

# Summer Play Schemes for Disabled Children in the Wakefield District

Wakefield Council and NHS Wakefield District are committed to offering a high quality short break service and a range of play schemes and holiday activities for disabled children and young people across the district.

This year, supported by funding from the Aiming High for Disabled Children Programme, we are hoping to offer a greater range and choice. For instance, this year we are offering 3 play schemes for children under five.

The play schemes are free to children on free school meals, children and young people who are looked after full time by the local authority & parents/ carers who are on a low income in some circumstances. Please contact the play scheme of your choice for more details.

Transport is not being provided routinely for any summer schemes, but if any child has a significant problem being able to access the summer scheme then please get in touch with your chosen scheme directly. If transport is provided then this will be charged in addition to the cost of the scheme

**Current available schemes are in age order. Please check regularly for updates.**
